

### FOUR JUDGING TEAMS GO TO STATE FAIR

#### GENE AKERS WILL BE IN CHARGE OF LOCAL BOYS

Gene Akers, Vocational Agricultural teacher of Greencastle high school is taking four livestock judging teams to the Indiana State Fair which opens Saturday. The boys will leave Thursday and will spend nine full days at the fair, working and seeing the sights.

Two livestock judging teams and two dairy judging teams will make the trip and they stand a splendid chance of winning high honors at the fair in their various contests, as all have won honors in live stock judging while students in Greencastle. There going will include the following:

Livestock judging—Don Bemis, Denny Thomas, Bob Bruner and James Gram. Another livestock team is composed of Jack Moss, Captain Warren Harlan, Dale Pitts and Myron McMains.

One dairy judging team is made up of Bruce Wilde, Bob Perkins, Bill Wells and Bob Campbell.

Another team is composed of Ralph Johnson, Lester Abbott, Captain Bill Wilde and Wendell Brattain.

### HUNT FOR ARMS

JERUSALEM, Aug. 28.—(UP)—British 8th Airborne Division troops searched two Jewish villages today in the Gaza region of southern Palestine and began a search for illegal arms.

### Lions Near Hoosier Poet

E. A. Richardson, Indiana's Poet Laureate, was the guest speaker at the Roachdale Lions Club's monthly dinner meeting in Roachdale, Tuesday evening. He is the author and originator of "My Alligator Glin" which has caused over a million faces to smile with delight. As he addressed the club last night, the members "smiled with delight," and the evening was wholly enjoyable.

The speaker said he disdained formality and pretense and liked to be known as "Big Rich," a nickname given him back in his basketball days in Indiana.

### CALL BY DEATH

Word has been received here of the death of Mrs. J. O. Varr-Buskirk, mother of N. P. Van-Buskirk and grandmother of Mrs. Fred Caspar of Greencastle. Mrs. Varr-Buskirk passed away on Tuesday afternoon at the Methodist Hospital in Indianapolis.

Mrs. Van-Buskirk, a long time resident of Stinesville, Ind., will be buried on Thursday afternoon. Funeral services will be at 2:00 P. M. Thursday at the Stinesville Methodist Church.

### REPORT TUESDAY

All pupils who are to enroll in the Greencastle Consolidated Schools should report at 1:30 Tuesday, September 3rd, to the various buildings. The pupils will go through their schedule of classes, at which time assignments will be made and book lists given to them. They will be dismissed about 2:30.

On Wednesday pupils will report by 8:50 for a full day of school.

### FIREMEN CALLED

City firemen were called to the F. E. Riggs home, 636 east Washington street, shortly before noon Tuesday. They found trash burning in an ash pit next to the garage but no damage was reported.

### 20 Years Ago

Harry Allan and daughter, Lucille, and Emilouise Gerhard, were in French Lick and West Baden.

Mrs. Paul Cook was in Wheatland visiting relatives.

Mr. and Mrs. Ted McKeehan spent the day in Indianapolis.

### \$6.00 TAX RATE LIKELY AT BRAZIL

The Brazil Times says: Taxpayers of Brazil city face a probable tax rate of around \$6 on the \$100 valuation for 1947 according to announcements of the various taxing units in their annual budgets.

The city council last night at a special meeting approved the proposed budget and tax rate which was presented by City Clerk Elmer S. Cox a month ago. The budget proposes a tax rate of \$2.04 for next year, an increase of 51 cents from the present year.

The proposed county rate is 96 cents, which is an increase of 11 cents from this year. The city's library tax rate is placed at 10 cents, which is a one cent increase. There are also increases proposed in the city school and township rates.

### Bob Strain Wins Fine Scholarship

Gene Akers, high school vocational education teacher, received an announcement today from Dr. D. C. Freeman, Assistant Dean of the Agricultural Department of Purdue University saying Bob Strain had been awarded the only Indiana \$200 cash scholarship to Purdue by the Rite-way Manufacturing Company.

This is a much coveted Indiana scholarship and as only one is awarded, it goes to an outstanding youth of the state and Bob is signally honored by being chosen to merit the scholarship.

Bob is a graduate of the Greencastle high school and was an outstanding member scholastically in his class. He was outstanding in vocational educational work, was a member of the State Champion live stock judging team and was also a member with high rank of the Dairy, Poultry and Egg judging teams. He has been a 4-H club member for eight years, has been active in the Future Farmers of America work and was active in many schools while a student in high school. He is a son of Mr. and Mrs. James Strain of Madison township.

### New Children Enter Schools

Scores of children entering the Greencastle schools for the first time, registered at the various ward buildings Tuesday afternoon and will be ready for the opening bell next Tuesday morning when the regular term opens.

Teachers in all three grade buildings were on hand to greet the children, learn their names and register them for the formal opening. The parents, were also entertained and given some valuable school information by the teachers in charge.

This is the first time new pupils have been registered before the opening day of school and it seems that this method inaugurated by Supt. Kleckner will avoid a lot of confusion opening morning and will give the little folks plenty of time to get their books and become a little more familiar with school life.

Most of the children were timid about opening of school, while others seemed to enjoy it. However, many of them remained close to their mother or father during the afternoon, but when ice cream was ready to be served, they soon forgot their timidity and enjoyed their refreshments that had been prepared.

### ENSGN GROWS TOMATOES

The increase of 4c a can in the price of tomatoes since June 30th isn't worrying one of Greencastle's best gardeners. George Ensign has brought to The Daily Banner office an Ox-heart tomato weighing one pound, three ounces, which he grew in one of his two gardens. A Daily Banner reporter has been kidding Mr. Ensign about his ability as a grower of tomatoes, but after seeing this beautiful specimen, the joke is on the reporter.

### GRAND ARMY TO CONTINUE ENCAMPMENTS

#### ONLY DEATH WILL DEMOBILIZE CIVIL WAR ORGANIZATIONS

INDIANAPOLIS, Aug. 28.—(UP)—Survivors of the Grand Army of the Republic were determined today that they would be demobilized only by death.

The 12 old soldiers of the Civil War who came here Sunday for their 80th encampment agreed that they would go home happy today only because they're going to return for another bull session next year—and every year until the "Boys in Blue" are all gone.

Commander-in-Chief Hiram S. Gale, 98, Seattle, Wash., took an informal poll among his 11 buddies last night and they unanimously declared that the GAR still is going strong, with a national membership totalling 86.

The decision whether to meet again next year came up for a formal vote at the final business session today, but was regarded as a mere formality.

Gale was not a candidate for re-election. He wanted some one who never had held an office to have a chance.

The unopposed slate for new officers included John H. Grate, 101, Atwater, O., commander; Theodore A. Penland, 98, Portland, Ore., senior vice-commander; and Albert Woolson, 99, Duluth, Minn., junior vice commander.

Highlight of today's activities was a parade. The old vets rode in seats of honor in seven automobiles, while soldiers of other wars marched beside them.

It rounded out four days of activity which nearly have tuckered out the GARs. Last night, the 12 veterans sat quietly at a reception in their honor by Gov. and Mrs. Ralph F. Gates. They let the 2,000 women auxiliaries present steal the show.

Some of the festive ladies picked up long skirts and danced in the statehouse halls to the Marine Corps Band music, while the boys in blue nodded appreciatively at the sight of a sprightly ankle or two.

Robert Rownd, 102, GAR chaplain-chief, Ripley, N. Y., said that was more like it.

"The only thing wrong with our meeting was too many dad-blamed meetings," he said. "I like to see the ladies cutting up a bit."

"But sometimes I think this is too much for only 12 boys to handle."

### SOVIET INFLUENCE SEEN IN DEMANDS

WASHINGTON, Aug. 28.—(UP)—Some American officials believe today that the stiff Yugoslav reparations demands might be part of a drive to increase Moscow's economic and political influence in the former axis countries of Europe.

There was considerable interest here in the part Russia may have played in forming of Yugoslavia's demand for \$1,300,000,000 (B) from Italy—13 times the amount earmarked for Russia.

Official quarters said it was as clear to Russia as anyone else that reparation demands not based on "reality" would cripple revival of economic life of such former enemy states as Italy, Finland, Romania or Hungary.

This condition, it was said, could in turn increase commercial dependence of these countries on the Russian-dominated world and consequently increase the political influence of the communist government from northern Europe to the Mediterranean.

Officials in close touch with U. S. foreign economic policy were inclined to view Yugoslavia's demands for \$1,300,000,000 from Italy as the "asking, not the taking" figure.

The Australian proposal for a special 21 nation commission to study reparation demands was received with some favor in these quarters.

### IMPORTANT MEETING

The City P. T. A. Council will hold an important meeting Thursday at 4:00 p. m. at the city library.

### NEW LEGION AUXILIARY HEAD TAKES OFFICE

Mrs. Fern Grimes, left, is the new president of the Legion Auxiliary of the Cassell C. Tucker Post. She succeeds Mrs. Zella Heavin, right, who turned the gavel over to her successor at the installation program held Monday evening in the Legion home, following a dinner served earlier.

### STILESVILLE AUTO IN ACCIDENT HERE

Dorn Wisheart, Stilesville, is charged with reckless driving as result of an automobile accident at 10:30 o'clock Tuesday night. Wisheart became confused on south Jackson street, thinking the old interurban right-of-way was an alley to Indiana street. He turned near the Gould store, going between two houses and finally hanging up on an embankment. Scott's wrecker was called to get his car out of its predicament.

He will appear in city court Friday evening before Rexell Boyd, municipal judge.

### Property Taxes Soar In State

INDIANAPOLIS, August 27.—A prediction that unless drastic cuts are made in budgets, Indiana property taxes for 1947 will be the highest in the state's history, was made in a statement issued today by the Indiana Taxpayers Association. The estimated levy requested for next year is \$153,116,906, compared with \$150,470,853, the previous peak reached in 1929 when the levy was made for 1930.

"Property taxes levied for 1944 increased \$7,955,745 over those levied the previous year," the statement said. "In 1945, the taxes due were increased \$2,472,522 over the total for 1944. Property taxes due for collection in 1946 increased \$11,296,407 over what were due last year. This is an increase of \$21,724,674 in property taxes during the last three years. That represents a boost of more than 21 per cent."

If the advertised levies requested for 1947 are approved there will be a tax bill that is about 25 per cent higher and this will mean a property tax increase of nearly 52 per cent during a four-year period.

"After the peak of \$150,470,853 was reached in 1930, drastic efforts to economize were made. Replacement taxes were sought—taxes that would lower the burden on real property. The first of these was the gross income tax that began to produce a revenue in 1934. It has been producing about \$45,000,000 a year recently and in addition to this source of revenue the state has been collecting stock license fees, excise taxes, taxes on intangibles and levying other special taxes. But despite all the millions these so-called replacement taxes raise, the property taxes threatened to be higher than ever before."

"We are calling the attention of the taxpayers to this threat in the hope that they will take a personal interest in public hearings and finally go before their county tax adjustment boards with demands that every needless item be pruned from the budgets. Their united action is imperative if they expect to obtain any relief."

### Nation Faced By Shipping Crisis

WASHINGTON, Aug. 28.—(UP)—Government agencies swung into action today to avert the threat of the worst transportation crisis in the nation's history.

The Civilian Production Administration took the initial step in implementing Reconversion Director John R. Steelman's emergency program to get 120,000 more railroad cars rolling and to divert all possible freight to coastal and intercoastal ships.

CPA Administrator John D. Small appealed to the steel and lumber industries to speed flow of materials needed to complete 40,000 new railroad cars by the end of the year, and said new steps were under study to expedite reconditioning of 80,000 idle cars awaiting repair.

Steelman said both domestic reconversion and foreign "economic and political stabilization" were in jeopardy when he ordered CPA, the Office of Defense Transportation, the Maritime Commission and five other agencies to join the tightening transportation bottleneck.

The other agencies were the War Shipping Administration, the National Housing Agency, the OPA and the State and Agriculture Departments.

An ODT spokesman said the problem was simply that the railroads got "a 10 year beating during the five war years" and the only permanent solution will be more rolling stock.

ODT said the railroads are carrying heavier loads than during the war, with car loadings running 900,000 per week. It estimated that without "extraordinary measures" the fall peak would find up to 75,000 cars backed up every week.

Steelman said the railroads not only are handling more freight than before the war but are doing it with one third fewer cars. The peak, caused by stockpiling of coal and other winter commodities and by crop harvest, comes in mid-October when ODT estimates that the demand will be for 1,000,000 car loadings weekly. This is 75,000 over the best the railroads can now do.

During the first two weeks of August, car loadings averaged 32,000 cars a week more than in the same 1945 period. In the five weeks ending Aug. 10, the weekly average was 905,000 a week, 138,000 more than the same period last year.

To meet the dilemma, Steelman asked the Maritime Commission and the War Shipping Administration to put more ships into domestic trade to absorb the all-time traffic load.

If necessary, ODT will use embargoes and licenses to speed diversion of cargo from land to water borne carriers.

### V. F. W. NOTICE

Gen. Jesse M. Lee Post 1550 Veterans of Foreign Wars, will meet Thursday evening at 8 o'clock.

### SEEK TO LIFT PEACE PARLEY FROM LETHARGY

#### BIG FOUR MINISTERS TO HOLD INFORMAL SESSION

PARIS, Aug. 28.—(UP)—Russia and France have agreed to attend a big four meeting with Britain and the United States tomorrow afternoon in an effort to lift the peace conference from the doldrums, it was understood today.

Foreign ministers of the four great powers will meet informally, it was understood, probably at the Quai D'Orsay of the British Embassy. Ernest Bevin of Britain has been organizing the meeting.

Bevin will fly back from London this afternoon. Presumably he will make final arrangements for the big four meeting tonight. Byrnes' agreement to Bevin's meeting plan was disclosed yesterday. Bevin has been in London for four days, consulting his government.

It was understood V. M. Molotov of Russia and Georges Bidault of France informed the British late yesterday of their willingness to participate.

### MORGAN, TWO OTHERS GET 10-25 YEAR SENTENCES

DAYTON, Ohio, Aug. 28.—George "Bugs" Morgan, former Chicago gangster, and two accomplices were sentenced today to 10 to 25-year prison terms for a \$10,000 hold-up shortly after federal charges of bank robbery had been filed against them by FBI agents.

Common Pleas Judge Robert U. Martin imposed sentence on Morgan, Virgil "Doc" Summers of Henderson, Ky., and Al Fouts of Dayton and ordered their removal to Ohio Penitentiary in Columbus within five days.

### U. S. WILL CLAIM ALL NIPPON GOLD

WASHINGTON, Aug. 28.—(UP)—The United States intends to claim all gold in Japan—about \$200,000,000 worth—to help defray American occupation costs, it was learned today.

This government, it was understood, also will claim revenue from Japanese exports as occupation payments and in addition hopes to obtain Japanese assets held by neutrals.

It will insist, however, that Japanese assets held here by the alien property custodian be applied against war damages.

Meanwhile, it was learned that Russia, despite vigorous promises, still has not replied to the U. S. proposal for establishing a reparations agency for Japan. The Soviet union is the only one of the 11 nations who make up the far eastern commission which has not yet accepted the American proposal.

### TEST FIRE HOSE

Tuesday night at 8:30, the city firemen started testing fire hose on south Locust street. According to Fire Chief William Lawrence, 1100-feet of the rubber hose was examined and this work was not completed until about 11:30 p. m.

### LIFE OF SUGAR STAMP 49 EXTENDED FOR MONTH

WASHINGTON, Aug. 28.—OPA announced today that Spare Ration Stamp 49 will be good for five pounds of sugar through Sept. 30, instead of expiring Aug. 31, as originally scheduled.

### INFANT BURNED

TROY, Ind., Aug. 28.—(UP)—Services were planned today for 14-months-old Dennis Lee Poole, who was burned to death yesterday in a blaze that razed a four-room family dwelling.

The child was the son of Mr. and Mrs. Raymond Poole.

The fire started when 11-year-old Rosetta Moore, a neighbor girl left to mow for the Poole children, lighted a kerosene stove. Authorities said the exploded in the kitchen while the mother was out shopping.

The Moore girl and three-year-old Raymond Poole escaped without injuries.

### Latest Wire Flashes

WASHINGTON, Aug. 28.—(INS)—Fleet Admiral William F. Halsey said today that "it's nobody's damn business" where the United States government sends its powerful fleet units.

The commander of the famed wartime Third Fleet declared that the navy is free to send ships anywhere on the high seas, regardless of protests from other nations.

He maintained that the ships could go anywhere providing they did not sail into foreign territorial waters.

PARIS, Aug. 28.—(INS)—Foreign Minister V. M. Molotov of Soviet Russia charged today that the United States "is not working exclusive for peace."

Molotov made the charge in addressing the Balkan Economic Commission of the Paris peace conference after the Big Four had agreed upon a private meeting tomorrow to speed up the parly's work.

### JERUSALEM, Aug. 28. (INS)

—High Arab officials told International News Service today that one of the principal objectives of the projected London conference on Palestine is the "restoration of peace" in the troubled country.

Some Arab circles believe that Britain plans to achieve this by appeasing "religious Zionists."

WASHINGTON, Aug. 28.—(INS)—Secretary of Agriculture Anderson today ordered new price ceilings on livestock which will reflect retail increases of five and a half cents a pound on beef and two and a half cents on pork over June 30 levels.

By law, these new ceilings must be placed into effect within the next ten days.

Anderson announced that he had recommended to Price Administrator Paul Porter that the following ceilings on livestock be placed into effect at slaughtering level.

Hogs, Chicago market, \$16.25 per hundred pounds. Cattle, over-riding ceiling, at Chicago, \$20.25 per hundred weight, and lambs, dressed carcass at Chicago, \$19.

The June 30 ceiling at Chicago on cattle was \$18 and on hogs \$14.85. There were no ceilings on live lambs on June 30.

Agriculture Department officials explained that the ceilings ordered by Anderson would mean increases over the June 30 level of five and one half cents a pound for beef and two and one half cents a pound for pork.

Anderson's action abruptly brought to an end any disagreement between the Agriculture Department and the OPA over what the new ceilings on meat should be.

WASHINGTON, Aug. 28.—(INS)—The Public Health Department reported today that the infantile paralysis epidemic seems to have reached its peak and "has started on a slight downgrade."

A health official predicted that this week will show a still greater decline than the drop of 12 cases during the week ending Aug. 24.

WASHINGTON, Aug. 28.—(INS)—The National Labor Relations Board ruled today for the first time that an employer committed an unfair labor practice by compelling employees to listen to an anti-union speech.

The ruling was issued in the case of Clark Brother Com. Inc., Olean, N. Y., manufacturers of gas engines.

The board ruled that the company violated the Wagner Act by ordering the employees to assemble one hour before a collective bargaining election to listen to a speech by the president of the firm.

### KILLED BY SLAVS

WASHINGTON, Aug. 28.—(UP)—The parents of Capt. Harold Farnsley Schreiber, New Albany, Ind., have been notified by the War Department that he was killed when he and five crew members were shot down over Yugoslavia last Aug. 19.

The body of Schreiber, the pilot, was recovered with that of three other airmen from a cemetery in the Yugoslav village of Koprivik, where they had been buried by the Yugoslav military.

### MEAT CONTROL SQUABBLE MAY REACH TRUMAN

#### OPA AND AGRICULTURE DEPARTMENT REMAIN AT ODDS

WASHINGTON, Aug. 28.—(UP)—A high government source said today the squabble between OPA and the Agriculture Department over livestock ceilings will be laid before President Truman if the agencies can't agree.

This source, who preferred to remain anonymous, said reconversion director John R. Steelman prefers not to take the responsibility for the decision.

As a result, it was said, Steelman has decided to phone Mr. Truman in Bermuda if it appears that he (Steelman) will be unable to get the two agencies to settle their differences by mid-night tonight.

There were strong feelings among officials at both agencies, however, that some compromise would be reached and that it would be unnecessary to take the issue to the President.

The new livestock ceilings are scheduled to go into effect tomorrow, that will give the packers time to dispose of higher priced meat, purchased during lapse in price control, before meat ceilings are clamped on Sept. 9.

OPA wants meat and livestock ceilings rolled back as near June 30 levels as possible. The Agriculture Department thinks livestock prices should be a dollar or two over the June 30 level to encourage production.

Although Steelman was said to be reluctant to interrupt Mr. Truman's vacation, he apparently felt the political implications of the issue were too weighty to decide without a Presidential Okey.

OPA Administrator Paul Porter stated the case in New York yesterday when he said the current rush of livestock to market before ceilings can be reimposed will result in a meat shortage this fall. That would be about election time.

If meat is scarce, the administration may be blamed for not encouraging production by hiking livestock prices. On the other hand, if meat prices increase too much the voters may show their resentment at the polls.

Even OPA concedes that hog prices can not be rolled back all the way to June 30 levels. The price control law provides that hog prices must reflect parity which measures farm income against living expenses.

Since June 30 there has been a sharp increase in parity because of price hikes on automobiles, farm machinery, food and clothing.

There was little cushion between parity and actual hog prices on June 30 which means there would have to be some increases. Beef prices, however, were well above parity when price control expired.

Any administration decision is likely to be unpopular with livestock producers.

An Agriculture Department spokesman said he had a letter from a former triple-A official now raising hogs in Ohio saying any hog price less than \$19 a hundred pounds would be politically unpopular.

The June 30 ceiling on hogs at Chicago was \$14.85 a hundred while the top on cattle was \$18. The Agriculture Department has been thinking in terms of from \$16 to \$17 on hogs and \$19 to \$20 on cattle.

And Local News

## BRIEFS

The Greencastle Consolidated Schools will dismiss Wednesday, Sept. 4, so pupils may attend the State Fair.

Harlan Sutherland of Hamburg, N. Y. left for home after spending a few days with his sister, Mrs. Robert Butts and family on Berry St.

Regular meeting Saturday night and all day Sunday at the Deer Creek Baptist church. Rev. Harold Jans, of Mattoon, Ill., will preach.

Mr. and Mrs. L. G. Stelling and daughter, Sally, will leave on Thursday for their new home in California. Larry Stelling, a student at Kentucky Military Academy, will be the guest of Dr. and Mrs. V. Earl Wiseman until he resumes his studies in Kentucky in September.

Mr. and Mrs. Glenn Hanlon and Mr. and Mrs. Fred Hanlon attended a picnic dinner at the Danville Park Sunday in honor of Mr. and Mrs. Emory Hurst and family of California, who are visiting Mr. Hurst's sister, Mr. and Mrs. Doyle Nichols and Mr. and Mrs. Oscar Woodard of Bellville.

Miss Mary Jane Vermillion has as her guests Miss Borghild Gunderson of Oslo, Norway, and Miss Justine Dyer of Framingham, Mass., who were classmates of Miss Vermillion this past year in the graduate school of Radcliffe College. On Sept. 6 Miss Gunderson will sail for England where she will attend Oxford University.

## SOCIETY

Neighborhood Sewing Club Met At Robe Ann Park  
The Neighborhood Sewing Club held their August meeting at Robe Ann Park, Friday, August 23. A picnic dinner was enjoyed at the noon hour by six members and nine children. The business meeting was opened by all singing "The Mulberry Bush." Lula Pritchard gave devotions after which each member answered roll call by naming a favorite news commentator. A contest was won by Lula Estep.

The next meeting will be held at the home of Lula Pritchard on September 27.

Tenth Lisby Reunion Held August 25  
The tenth annual Lisby reunion was held at the home of Mr. and Mrs. Harold Lisby on Sunday, Aug. 25th. A very nice dinner was enjoyed by everyone. A plate of dinner was fixed for Earnest and Vada Lisby and Clara (Lisby) Hubbard as they could not attend on account of sickness.

Moving pictures were taken by Nathaniel Macy as everyone was filling their plates and enjoying their dinner.

The business meeting was called to order by President Alva Lisby. Reading of minutes of last years reunion was read, and collection taken, then election of officers for the coming year are, Pres., Nathaniel Macy, Vice-Pres., Stella Cash, permanent Sec. and Treas., Ira Harcourt.

The reunion next year will be held in woods, near the old Sulphur Springs School House, in charge of Mr. and Mrs. Waldo Woods, Alva, Charley, Earnest and Earl attended their schooling at Sulphur Springs School. Those attending were: Mr. and Mrs. Herchell Lisby of Rushville, Mr. and Mrs. Jimmy Meeks and family of Indianapolis, Mr. and Mrs. Clayton Cash and son, Alvin C. and friend of Greencastle, Mr. and Mrs. Earl Lisby of Bridgeport, Mr. and Mrs. Bob Lisby of Indianapolis, Mr. and Mrs. Arthur Cash of Cloverdale, Mr. and Mrs. Nathaniel Macy of Greencastle, Mr. and Mrs. Arthur Lisby and daughter and Vera Jean Ross, Mr. and Mrs. Raymond Lisby, Mr. and Mrs. Waldo Woods and son, all of Fillmore, Mr. and Mrs. Ralph Harcourt and family, Mr. and Mrs. Alva Lisby, Charley Lisby and daughter, Floy, Mr. and Mrs. Harold Lisby and family all of Coatesville, and Miss Barbara Lisby and friend to Crawfordsville.

## NEW PRESIDENT

GALESBURG, Ill. Aug. 28—Lyndon O. Brown, 44, nationally known advertising executive and recognized expert in marketing and distribution research, is giving up a successful business career in New York City to become president of Knox College here because of "the critical national need for superior training of young men and women for intelligent leadership," Frank M. Lay, chairman of the Knox board of trustees, announced today.

## FORMER GREENCASTLE RESIDENT FEATURED

"You must Meet Orville," an article in Buick magazine, features Orville Ewing, a roaming cowboy, who was born and grew to young manhood on a farm south of Greencastle on State Road 43, now owned by Dr. G. Baerg. His "home" consists of a covered wagon with the words, "THE OLD WEST STILL LIVES" painted across the sides. It is said that he is more photographed than a Powers model for the star of his outfit is Jerry, eight-year-old ox. "Riding on Jerry's broad back is Pinuti, a little black dog. Nestled on Pinuti's back is Shanghai Red, the beptom rooster."

## NEVER RAINS BUT IT POURS

WORCESTER, Mass. (UP)—Miss Anne McMaster applied for scholarships at six colleges, figuring that the law of averages would favor her at least once. She won all six.

## HEBRON

Glen McCutchan is working for Otis Clodfelter.

Mr. and Mrs. Olin Leonard and family attended the Johnson reunion near Hollandsburg, Sunday.

Mr. and Mrs. Byron Gengnar of Crawfordsville visited Fred Dahlgren Sunday.

This vicinity was well represented almost every day at the fair at Greencastle last week.

Robert Dragoo is establishing a residence on the Dragoo farm and will move there as soon as

the basement is completed. The work at the Carrington limestone quarry is progressing rapidly.

## POLICE DOG SAVES KITTEN. TAKES IT HOME FOR PET

NORTH HOLLYWOOD, Cal. (UP)—A nine-month-old police dog here saved the life of a month-old kitten, then carried it home for a playmate.

The two now are inseparable companions, the owned, Mrs. Myrtle Roberts said.

"I think the kitten must have fallen in a pool of water in the river and Lady jumped in to save her," Mrs. Roberts said. "Anyway, Lady carried her home by the scruff of the neck, both dripping wet."

## GROCERY-BOOK STORE PROVES SUCCESSFUL

LINCOLN, Neb. (UP)—The Lincoln City library "booketeria," set up only three months ago, is successful.

Librarian Stewart W. Smith reports that circulation reached 1,072 during June, and that

there were no problems of delinquency. Borrowers select the books from a shelf installed in a large grocery store. They check out the books with the

food order and return them to the store when read.

Half of the persons using the booketeria are housewives.

All Colors, Sizes and Styles

**22.80 to 49.98**

To those who are awaiting delivery of their New Oldsmobiles

Series "70" Club Sedan. GM Hydra-Matic Drive optional at extra cost.

A Word of Appreciation... and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!"

But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: Don't neglect the car you drive today.
